

Town Of Westford Healthy Lakes & Ponds Collaborative

55 Main Street (Town Hall) Westford MA 01886

Westford's Healthy Lakes & Ponds Collaborative Presents:

AN EVENING DISCUSSING THE CURRENT HEALTH OF WESTFORD'S RECREATIONAL WATER BODIES AND WHAT YOU CAN DO TO HELP PRESERVE & RESTORE THEM!

Westford's Healthy Lakes & Ponds Collaborative (HLPC) is happy to invite you to an evening of discussion followed by a Q&A centered on the current state of our local recreational waters. Topics to include:

- The results of Westford's Lake & Ponds Water Quality Study performed last year
 - ESS Group, Environmental Consulting & Engineering Services
- Organic/Low Impact Landscaping & Systems Approach to Natural Turf Management
 - Chip Osborne, President of Osborne Organics LLC
- Center Pond Weed Project (for control of invasive species to reduce need for chemicals)
 - Joy Onasch, PE, Toxics Use Reduction Institute (TURI) @ UMass Lowell
- General ways you as a homeowner, business, and/or other local club/organization can help make a positive impact on our streams, rivers, ponds and lake, all of which effect the local aquifer which effects all of our recreational, ground, and drinking water.

When: April 2nd, 2015 from 6:30 PM to 9:00 PM

Where: Nabnasset Lake Country Club, 47 Oak Hill Road, Westford MA 01886

RSVP: **RSVP** is required by either telephoning Laurie Lessard (Westford Health

Department Secretary) at 978 692 5509 or by email: llessard@westfordma.gov

Light refreshments will be served
